

INSIDE THE SUPER SEWER!

A Deep Dive into the Health of the River Thames

KS2 Live Lesson Resources

Pre-Lesson Activity

Visit the Education page of Thames Water before the live lesson. Explore their range of exciting ideas to get pupils exploring water, along with teacher resources that support the curriculum.

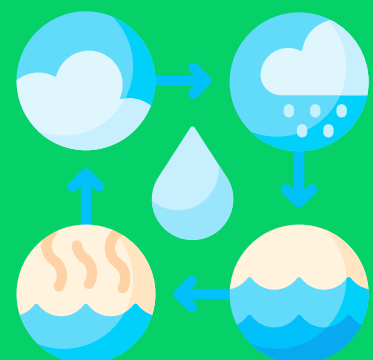

Click [here](#) for the link

Post-Lesson Activity

Join a special Nearpod lesson and learn all about the water cycle. Your pupils can take what they learned from the live lesson and apply it to this fun and interactive activity.
